## Mandatory COVID-19 vaccine deadline extended to November 15

To all employees in Canada and their U.S.-based managers

As we know, COVID-19 and its variants continue to pose a significant public health risk to society. On October 9, 2021, Transport Canada issued a draft Ministerial Order that will mandate vaccinations for employees of federally regulated railways in Canada to enhance the safety and reliability of Canada's transportation system.

In anticipation of the Ministerial Order, CN will require all employees **in Canada** to be fully vaccinated by **November 15, 2021** instead of November 1, 2021. The new deadline will extend to employees of our wholly owned subsidiaries as well as CN's contractors, consultants, agents and suppliers and anyone who accesses CN properties in Canada.
